## ABOUT ME

I'm a Flutter and full-stack web & mobile developer passionate about building end-to-end applications that turn ideas and designs into real, functional products. I create modern user interfaces, manage application state efficiently, integrate APIs, and develop reliable backend services. My focus is on delivering scalable, high-performance applications that are visually polished, user-friendly, and production-ready.

## EXPERTISE SKILL

- **Frontend Development(web & Mobile):** Flutter, Dart, React, HTML5, CSS3, JavaScript, TypeScript, Material Design, Cupertino Widgets, Tailwind CSS, Animations, Lottie, Shimmer Effects, Glassmorphism
- **Backend & Cloud Services:** Node.js, Express.js, Firebase (Authentication, Firestore, Storage), Supabase, REST APIs
- **State Management:** Provider, Riverpod, Redux, Context API
- **Authentication & Security:** Firebase Auth, JWT, OAuth
- **Deployment & Hosting:** Render, GitHub Pages, Cloud Hosting
- **Version Control:** Git, GitHub
- **Monetization & Integrations:** Google AdMob/AdSense, Third-Party APIs

## WORK EXPERIENCE

### Flutter Developer (Intern) Digital Empowerment Network

#### Internship Experience

Jun 2025 – Sep 2025, Islamabad, PK

- Developed and optimized mobile features using Flutter and Dart, reducing UI rendering times by an estimated [15%] and maintaining a [98%] crash-free rate during testing.
- Architected secure backend solutions by integrating Firebase Authentication and Firestore for seamless data handling and user management.
- Demonstrated strong problem-solving skills by independently managing assigned technical tasks and proactively contributing to virtual project milestones.

### Associate Software Engineer (Intern) Qonkar Technologies Pvt Ltd

#### Internship Experience

Sep 2025 – Dec 2025, Nawabshah, PK

- Implemented responsive UI/UX designs across [10+] distinct web components, contributing to an estimated [20%] improvement in mobile-device load speeds and usability.
- Delivered creative and effective technical solutions for a combined software development and advertising agency.
- Awarded a Certificate of Internship for excellent performance, reliability, and dedication to all technical assignments.

## EDUCATION

### Quaid e Awam Nawabshah, Pakistan

Bachelor of Science in Computer Science –  
CGPA: 3.47

### Mazhar Muslim M H/Sec School Ranipur

Higher Secondary Certificate (Part-II),  
Annual Examination 2021 – 96%

## COURSEWORK

- Flutter UI/UX & Animations
- Dart OOP & Asynchronous Programming
- Firebase Authentication & Firestore
- Responsive & Accessible Design
- Git & GitHub Workflows
- Node.js & Express API Development
- MongoDB & Firebase Database Architecture
- State Management (Redux, Provider, etc.)
- Secure Authentication (JWT & OAuth)

## CERTIFICATIONS

- Dart /Flutter Development Bootcamp – App Brewery / **Udemy (2024)**
- Firebase for Flutter – **Google (2024)**
- Google Mobile Ads Certification – **Google (2025)**
- JavaScript Essentials – **Udemy (2025)**
- Node.js & Express.js Mastery – **Udemy (2025)**
- React JS Development – **Udemy (2025)**

## COMMUNITY WORK

- Co-Director of Photography
- Quaid-e-Awam University Engineer's Social Society
- Led event photography and media coverage for university events.

## PROJECTS

---

### Cloud Book – Full Stack Web Application (React.js | Node.js)

- Developed a cloud-based book management system.
- Built the frontend using React.js.
- Created REST APIs using Node.js and Express.
- Implemented CRUD operations for managing books.

### Traffic Monitoring System – Final Year Project (Flutter & Firebase)

- Developed a mobile application for monitoring traffic conditions.
- Built the user interface using Flutter.
- Displayed traffic updates and monitoring data in a mobile dashboard.
- Designed features to help users view and track traffic activity.

### Daily News Web Application (React.js | Custom News API)

- Developed a web application that displays daily news updates.
- Built a responsive user interface using React.js.
- Integrated a custom API to fetch and display real-time news articles.
- Implemented dynamic content rendering for different news categories.

### Mobile Shop Management App (Flutter & Firebase)

- Built a mobile application for browsing mobile products.
- Designed a responsive UI using Flutter.
- Implemented product listing and product detail screens.

## SOFT SKILLS

---

- Problem-Solving & Analytical Thinking
- Collaboration & Communication
- Time Management & Meeting Deadlines
- Adaptability & Quick Learning
- Attention to Detail
- Creative UI/UX Mindset
- Agile Development & Workflow
- Team Collaboration using Git & GitHub
